

Store displays

Here are various options to expose Scrubbis in store in the best possible way.

1 Spear/Hooks

Blister package hang on hooks. The blisters can be hung both up and down to make room for several packages on the spear. The text on the box is on both front and back

2 Spear + USB stick

Same as above but with the USB stick. USB stick containing demo and instructional videos on Scrubbis. It includes also images, photos, illustrations and presentations. The material of the USB stick can be used to display on a display in the store or on the website. You can also use the material in prints and posters.

- Price USB stick: 3 EUR

3 Spear + monitor

Same as above but with 16" monitor mounted above the spear that shows the demo movie.

- Price Monitor: 100 EUR

4 Stand cardboard

Specially developed Scrubbis cardboard stand to be placed flexibly and expose Scrubbis in the store. The stand will fit 6-8 Scrubbis package. At the top of the stand there is illustration of the Scrubbis functionality.

- Price Stand without monitor: 50 EUR

5 Stand + Demo tub of water

Same stand as above but with the demo tub of water. The tub contains water where customers can test Scrubbis and feel the buoyancy. The feeling the customer gets when the cleaning head floats up and pushes against the tilted plane shows how well Scrubbis works against the hull.

- Price Water tub transparent PLEXI: 600 EUR
- Price Large graphic signs: 25 EUR
